FREEDOM TO CREATE

At Arizona Nordic Village, weddings aren't pre-packaged — they're personal. We offer the freedom to shape your day in a way that reflects your values, relationships, and vision. With flexible vendor choices and no required catering, bar service, or coordinator, couples are invited to create a celebration that feels honest, intentional, and entirely their own — supported, not directed.

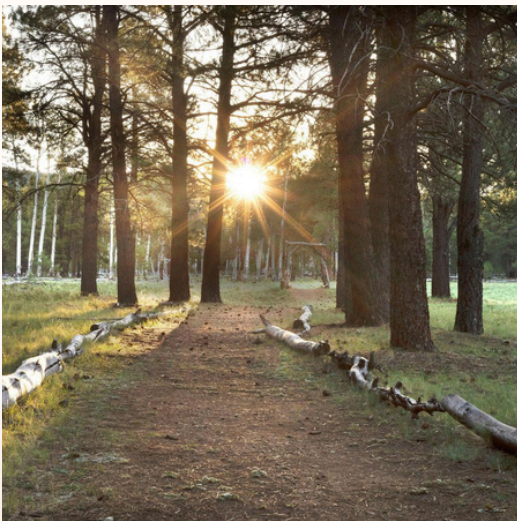

EXTENDED TIME TOGETHER

Some moments deserve more than a single day.

Our overnight and multi-day wedding options allow you and your guests to stay on-site and share the experience together. With cozy cabins, rustic yurts, a spacious studio, and dry RV camping available, celebrations unfold naturally — from late-night conversations to quiet mornings in the forest. Ask us about extending your gathering into a full weekend experience.

IN RHYTHM WITH NATURE

Located just west of Flagstaff within the Coconino National Forest, Arizona Nordic Village is surrounded by miles of trails and open skies. From May through October, guests can explore the landscape by foot, bike, or horseback. And when evening falls, our dark-sky setting invites you to look up — where starlit nights become part of the memory, and the natural world quietly holds the celebration.
